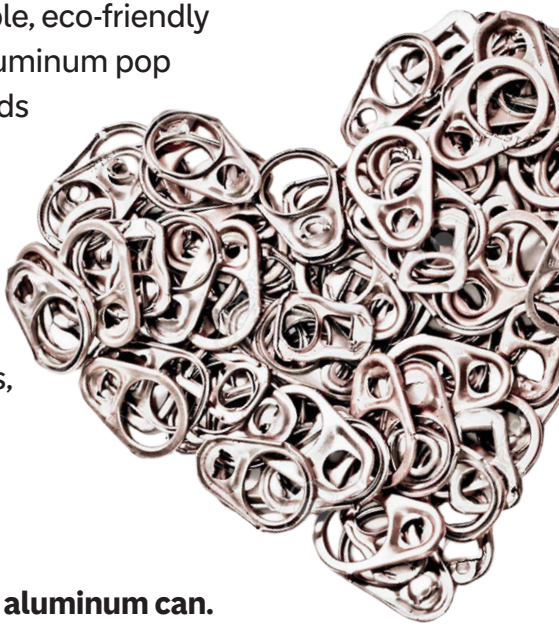
Ronald McDonald House Charities® Greater Las Vegas

# Pop Tab Program

The Pop Tab Program is a simple, eco-friendly way to give back. Collected aluminum pop tabs are recycled, with proceeds benefiting families staying at the Ronald McDonald House in Las Vegas.



It's easy to join and a great activity for schools, businesses, and community groups.

1

**Pull the tab off any aluminum can.**

*Quick tip: Not all pop tabs are aluminum.*
Run a magnet over your collection. Tabs that stick aren't aluminum and should be removed.

2

**Collect the tabs.**

3

**Get your tab to the Ronald McDonald House!**

Pop tabs may be dropped off or mailed to the Ronald McDonald House. You're also welcome to recycle them at a local center and mail the proceeds to RMHC Las Vegas.
